4 **Item No. 22-08-3445**

5 **ORDINANCE NO. 4100**

6
7 An ordinance requiring a trash receptacle within a set distance of a drive-
8 through window at any building with a drive-through utilized for food and/or drink service
9 and to provide for ancillary matters in connection therewith.

10 WHEREAS, Section 23-3 of Chapter 23 of the Code of Ordinances, City of
11 Slidell, Louisiana requires all commercial units within the City limits to provide containers
12 capable of containing a week's accumulation and requires that such units provide for the
13 collection of generated garbage not less frequently than weekly; and
14

15
16 WHEREAS, time has shown that businesses with food and/or drink service
17 drive-throughs are highly susceptible to having garbage accumulation in and around their
18 respective drive-through areas; and
19

20
21 WHEREAS, the City wishes to promote the cleanliness and beauty of
22 commercial drive-through areas, which often face main City thoroughfares; and
23

24
25 WHEREAS, requiring a business to keep and timely maintain and empty a
26 trash receptacle in the area of its food and/or drink service drive-through is a simple,
27 reasonable, and inexpensive way to help address the unsightly and unsanitary conditions
28 that may result when customers discard items when traveling through a food and/or drink
29 service drive-through area.
