The Administration will try to keep the Manual current, while we will always try to inform our employees about changes as they are made, changes can be made at any time, with or without notice. Employees are responsible for seeking clarification when questions or uncertainties arise, and failure to do so does not exempt employees from compliance.

- C. Department Directors and supervisors are encouraged to recommend changes or new policies. Only the Mayor or his Chief of Staff shall authorize changes.

This document outlines the specific policy of the City of Slidell to prevent and address sexual harassment and other inappropriate sexual behavior. The City prohibits and will not tolerate sexual harassment or any behavior of a sexual nature that intimidates, exploits, insults, demeans, disrespects, or embarrasses any employee or other individual in the workplace (sexual harassment and all such other behavior, individually and collectively, “inappropriate sexual behavior”).

The prohibitions of this policy are equally applicable to appointing authorities, executive management, administrators, directors, managers, supervisors, staff, and student workers.
- B. In keeping with City's intention and duty to maintain a work environment free of harassment and discrimination, this policy also applies to non-employees, including visitors and individuals who transact business with the City of Slidell, such as vendors, clients, contractors, and consultants. These non-employees are prohibited from engaging in the behavior prohibited by this policy and are protected from experiencing such behavior by City employees.
- C. This policy applies not only to the customary workplace and work locations where City employees may be assigned, but also prohibits such behavior while traveling to a work location, at conferences, workshops, trainings, business trips, and business-related social events. Additionally, the behavior prohibited by this policy applies to off-duty, off premises behavior which has an impact upon and relation back to the working relationship.

### **V. STRUCTURE**

- A. The City of Slidell strives to maintain a workplace that fosters mutual respect and promotes harmonious, productive working relationships. Employees, for their part, are expected to maintain a productive work environment that is free

from harassing or disruptive activity. Prevention and elimination of inappropriate sexual behavior requires the personal involvement and commitment of every City of Slidell employee. Unless and until management is apprised of its occurrence, appropriate corrective action to address such behavior cannot be taken. Through this policy and related training requirements, the City seeks to reinforce its intolerance of inappropriate sexual behavior, and to encourage employees who experience, observe, or are informed of such behavior to promptly initiate the reporting process set forth in this policy. Employees can be assured that the City will objectively and thoroughly investigate reports; implement preventive measures to protect against recurrence; impose corrective action to address violations; and protect complainants and individuals involved in the investigative process from any form of harassment, reprisal, or retaliation.

- B. Through this policy and the mandatory training required of all employees, the City of Slidell seeks to:
- 1) Unequivocally state its intolerance for inappropriate sexual behavior;
  - 2) Identify the broad scope of such prohibited behavior;
  - 3) Establish an effective, uniform reporting process;

R.S. 23:301 *et seq.*). Specific timelines and requisites of law apply to filing a complaint with the Equal Employment Opportunity Commission (EEOC) or the Louisiana Commission on Human Rights (LCHR).

## **Training**

- A. The City of Slidell recognizes that implementation of a policy prohibiting inappropriate sexual workplace behavior alone may not be sufficient to prevent and address such behavior. To support this policy and create a culture wherein employees willingly report concerns and lodge complaints, the City requires all employees to successfully complete training on this policy

upon hiring and on a continuing basis thereafter. At a minimum, the City of Slidell mandates the following training for its employees:

- a. Upon hiring, all new employees will be provided a copy and instructed to carefully review this policy. Within thirty (30) days of the hiring date, all new employees are required to meet with the Human Resources Director or other individual so designated to discuss any concerns or uncertainties regarding their responsibilities under this policy. The employee and Human Resources Director are required to sign the attached Acknowledgement and Certification to verify that this process has been successfully completed.
- b. Within thirty (30) days of the hiring date, all new employees are required to successfully complete Sexual Harassment Prevention training as assigned by the Human Resources Director.
- c. Annually, all employees are required to complete the assigned training on sexual harassment.
- d. Within thirty (30) days of attaining a supervisory position, all new supervisors are required to complete the designated training on sexual harassment assigned to management personnel. This training, which emphasizes identifying, preventing, and responding to inappropriate sexual behavior, is thereafter to be completed annually.

### **Prohibited Conduct**

- A. Inappropriate sexual behavior takes many forms. It can be explicit and overt, such as a demand for sexual favors, or subtle and implied, such as leering and innuendo. It can be intended or unintended, with the determination of inappropriateness evaluated from the perspective of the complainant and reasonable person and without regard for the purpose or motive of the accused. It can involve behavior by a person of either gender towards a person of the same or opposite gender. It can involve conduct by a supervisor or manager towards a subordinate employee or conduct by one employee towards another employee of equal, lesser, or greater rank, status, or authority. It can involve words or actions by a person external to the City of Slidell such as a visitor, vendor, client, contractor, or consultant. An employee can be affected merely as an observer of inappropriate sexual behavior directed towards another.
- B. Sexual harassment, a form of prohibited discrimination under the law, is further defined by the Equal Employment Opportunity Commission (EEOC), and for the purposes of this policy, as unsolicited and unwelcomed sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature wherein:

- a. Submission to such conduct is explicitly or implicitly a term or condition of employment; or
  - b. Submission to or rejection of such conduct is used as a basis for employment decisions (hiring, firing, advancement, performance evaluations, wages, duty assignments, shifts, training opportunities, or other such conditions of employment or career development); or
  - c. Such conduct has the purpose or effect of unreasonably interfering with the employee's work performance or creates an intimidating, hostile, or offensive work environment.
- C. For illustrative purposes only, inappropriate sexual behavior includes, but is not limited to:
- a. Verbal: Unwelcomed sexual flirtations, advances, propositions, or demands; unwelcomed sexual remarks, teasing, jokes, pranks, innuendo, insults, or inquiries; sexually insensitive or derogatory comments; unwelcomed repeated requests for dates or social engagement; inappropriate comments regarding a person's physical attributes; comments, including the spreading of rumors, regarding sexual activities, exploits, prowess, or accomplishments; use of vulgar, crude or sexually offensive language; sexually insulting noises, catcalls, or whistling; stereotypical comments; repeatedly referring to an individual as "honey", "babe", "sugar", etc.
  - b. Non-Verbal: Gestures of a sexual nature, including lustful looks and leering; displaying sexually revealing or suggestive pictures, cartoons, caricatures, drawings, photographs, magazines, books, graffiti, or objects; transmitting sexually oriented emails, texts, letters, writings, communications, and images.
  - c. Physical: Unwelcomed physical contact including kissing, touching, embracing, hugging, massaging, rubbing, fondling, groping, tickling, pinching, and patting; invading another's space by leaning over, purposefully cornering, or blocking passage; sexual assault, battery, and rape.

### **Confronting the Accused**

- A. An employee experiencing unwelcomed behavior may choose to tell the offender to cease the behavior. Doing so may be sufficient to prevent recurrence. However, the concern should still be reported promptly.

The City recognizes that confronting an offender can be discomforting, especially in those situations in which the offender is within the employee's supervisory chain of command. Therefore, the City of Slidell does not require employees to do so, and certainly does not require that this be done before using the reporting procedure provided in this policy.

### **Reporting Procedure**

- A. Early reporting of inappropriate sexual behavior facilitates the investigative process. Prompt initiation of the investigation enhances the ability to identify witnesses and preserve evidence and protects against faltering memories occasioned by the passage of time. For these reasons, employees are encouraged to report inappropriate sexual behavior as soon as possible, and they are discouraged from waiting to cumulate offenses or for the recurrence "one more time" of the offensive behavior.
- B. The City of Slidell does not require a fixed reporting time or deadline, however the sooner, the better is preferred, and immediate reporting is the ideal. The initial report need only convey the occurrence of words or actions that are offensive and need not provide all details. This report can be verbal (in person or via telephone) or in writing (letter, memo, email, text), and need not utilize a specific form. Most importantly, the City does not require a rigid reporting protocol.
- C. The report can be made to the employee's direct supervisor. However, if the complaint involves the supervisor or, regardless of reason, the employee prefers to not involve that supervisor, the report can be made to any supervisor or director at the City of Slidell or directly to the Human Resources Director. Supervisory personnel receiving a report of inappropriate sexual behavior are required to immediately inform the Human Resources Director of the information provided.
- D. Anonymous complaints are discouraged; however, if an anonymous complaint is submitted, it should contain as much detail as possible including the names of the accused and all witnesses, the locations, dates, times, and description of all behaviors experienced, and any previous reports of similar behavior to management. Without this level of detail, the ability to conduct a thorough investigation may be impeded.

### **Investigation of Complaint**

- A. All reports and complaints of sexually inappropriate behavior will be directed to the Human Resources Director who shall assess the information provided. Management personnel in a need-to-know capacity will be apprised of the complaint. An assessment of the preliminary information provided will be

conducted to determine whether action needs to be taken to prevent further occurrence of the offensive behavior.

- B. The investigation will be given priority and begin as soon as practicable. In most instances, it will be conducted by a designated team comprised of the Human Resources Director and others identified by the Human Resources Director. This team approach permits the investigators to evaluate the information gathered during the investigative process from different perspectives, enhances objectivity, and ensures thoroughness.
- C. The investigation generally will begin with an interview of the complainant who will be required to provide details to facilitate the investigative process, such as the behavior complained of, the date, time, and location of the occurrence, the identity of witnesses, and any writings, records, logs, recordings, pictures, or other documentation supporting the complaint. Individuals possessing relevant information will be interviewed. Once all available information has been evaluated, the accused will be interviewed.
- D. All individuals called upon to participate in the investigation are required to fully cooperate and provide truthful responses. Employees, including the accused, do not have the option of remaining silent or declining to get involved. Those questioned may be required to prepare a written statement or provide a recorded statement.
- E. The investigation will be conducted expeditiously, professionally, and with due regard for the rights of all involved. To the extent allowed by law, the investigation will be conducted in a confidential manner, with only those in a need-to-know position involved. To preserve the integrity of the investigative process, employees will be instructed that the complaint and all information provided during the interview are to remain confidential. Employees are prohibited from obstructing or interfering with the investigation, which includes questioning or confronting any individual participating in the investigation.
- F. Upon completion of the investigation, the Human Resources Director will apprise the appropriate supervisor and/or director of the outcome and recommendations for resolution.
- G. Employees must understand that despite the best efforts and thoroughness of the investigative process, not all complaints can be substantiated. This does not indicate, however, that the complaint was contrived or made in bad faith. As such, employees are encouraged to file good faith complaints without regard for the ultimate outcome.

## **Complaint Resolution**

- A. Upon conclusion of the investigation, the complainant and accused will be apprised of the outcome. Unless new, reliable, relevant, and material information is brought forth, management's decision is final and concludes the internal administrative investigative process. Regardless of the outcome, the complainant has the option of pursuing a claim under state or federal law. Initiation of such a claim by the complainant is not dependent upon the outcome nor completion of the City of Slidell's administrative investigation.

To initiate a claim under federal or state law, employees are referred to the Equal Employment Opportunity Commission and the Louisiana Commission on Human Rights:

- B. Given the wide range of behaviors prohibited by this policy, the resolution decided upon by executive management will be determined by several factors. Most notably, the nature, circumstances, frequency, and severity of the behavior, and whether the behavior recurs after having been previously addressed will heavily influence the action to be taken. Complainants can be assured that any employee found, after investigation, to have engaged in sexual harassment or other inappropriate sexual behavior will be subject to corrective action. This may include counseling, reprimand, suspension, reduction in pay, demotion, or termination. Any complainant determined to have made an intentionally false complaint shall also be subject to such corrective action. Civil Service appeal rights apply to classified employees disciplined under this policy.

**Non-retaliation and Follow-up**

- A. Resolution of the complaint via imposition of corrective or other action does not conclude the complaint process. The City of Slidell maintains an affirmative duty to protect its employees from harassment, reprisal, or

retaliation. This protection extends to any employee making a good faith complaint of inappropriate sexual behavior, as well as those individuals providing information or participating in the investigative process. Employees can be assured that if a complaint is made and an investigation reveals that harassment, retaliation, or reprisal has occurred, disciplinary action will be imposed.

- B. To ensure this protection, the Human Resources Director will follow-up with the complainant to determine whether there has been a recurrence of the behavior complained of or whether the complainant has suffered any adverse consequence for having filed a complaint.

### **Responsibility**

- A. It is the responsibility of all employees, regardless of rank, status, or authority, to ensure compliance with this policy. Employees must realize that reporting the behavior prohibited by this policy is mandatory. Complaints must be truthful and made in good faith. Cooperative participation and candor in the investigative process are mandatory.

## **VI. CONSEQUENCES OF NONCOMPLIANCE**

Given the impact that sexual harassment and other inappropriate sexual behavior have on working relationships, the City of Slidell will aggressively address violations of this policy. After investigation and satisfaction of due process requirements, corrective action may be imposed for the following:

- 1) Determination that the accused was found to have been in violation of any part of this Sexual Harassment / Inappropriate Sexual Behavior Policy;
- 2) Failure to comply with mandatory training requirements;
- 3) Failure by a supervisor or manager to timely report a complaint of inappropriate sexual behavior;
- 4) Failure to participate or cooperate in the investigative process;
- 5) Providing false reports or information, or withholding relevant information during questioning;
- 6) Filing a false, malicious, or frivolous complaint; or
- 7) Harassment, reprisal, or retaliation towards a complainant or anyone involved in the investigative process.

### Section 7 – Absence from Work

<b>Policy:</b> 700 <b>Subject:</b> <i>Attendance &amp; Punctuality</i>	<b>Effective Date:</b> October 1, 1999	<b>Revised Date:</b> January 1, 2022	<b>Version:</b> 5
---	---	---	----------------------

**PURPOSE:** To set forth the City’s policy for handling employee absences and tardiness to promote the efficient operation of the City and minimize unscheduled absences.

#### I. SCOPE

It is the policy of the City to require employees to report for work punctually and to work all scheduled hours and any required overtime. Excessive tardiness and poor attendance disrupt workflow and customer service. It should be understood that each job and each department are unique.

#### II. DEFINITIONS

- A. Absenteeism: a pattern of unscheduled absences from work or late arrival to work or leaving work before the end of the duty day.
- B. Tardy: punching or clocking in past the employee’s scheduled starting time. Three (3) instances will equal one (1) unscheduled absence for disciplinary purposes.
- C. Scheduled authorized leave: planned time away from work that is scheduled and approved in advance by the supervisor; including sick leave, vacation leave, and leave without pay (LWOP).
- D. Unscheduled authorized leave: unscheduled time away from the job due to an emergency medical situation involving the employee, their spouse, or child(ren) where the medical situation involves emergency treatment requiring admission to the hospital or an emergency outpatient medical procedure. An absence, when certified, would be considered eligible under the Family and Medical Leave Act. The employee must provide the supervisor with verification of hospital treatment or admission.
- E. Unscheduled Absence: unscheduled time away from the job, including early departure, sick leave, vacation leave, and leave without pay.

#### III. EQUAL OPPORTUNITY

The City of Slidell is an equal opportunity employer. No person is to be discriminated against in employment because of race, religious creed, color, national origin, ancestry, disability, genetic information, or health factors crucial to the job, marital status, gender, age, or sexual orientation. To that end, pursuant to

Policy 200: Equal Employment Opportunity, it is The City's policy to treat everyone fairly and without discrimination regarding employment opportunities such as, but not limited to:

- Interviewing and (Re)Hiring
- Promotions and Transfers
- Performance Evaluations
- Raises and Bonuses
- Disciplinary Actions
- Terminations
- Job Assignments and Project Teams
- Development and Training

#### **IV. STRUCTURE**

- A. Supervisors shall notify employees of their starting, ending and break times. Employees are expected to be engaged in carrying out their duties during all scheduled work time and should be ready to begin working at their scheduled starting time. All absences and any tardiness or early departures for all employees shall be recorded.
- B. Employees shall notify their supervisor as far in advance as possible whenever they are unable to report for work, know they will be late, or must leave early. The notice shall include the reason for absence and when the employee can be expected to report for work. If the supervisor is unavailable, notification shall be made to the next higher supervisor in the chain of command.
- C. Employees who have accrued vacation or sick leave, will be compensated during authorized absences in accordance with Policy 502 and this policy. Employees are encouraged to provide their supervisor with a written request for absence in accordance with the vacation and sick leave policies or at least thirty (30) calendar days prior to the date being requested. An authorized absence is one that has been scheduled and approved a minimum of five (5) calendar days prior to the date requested or in accordance with individual written departmental policies. An absence is considered unscheduled if the employee has not followed proper request and notification procedures. Non-exempt employees will not receive compensation for time missed because of tardiness or early departure if the time missed exceeds seven (7) minutes after starting time or before quitting time. Failure to notify the supervisor properly of any absence may result in loss of compensation during the absence and may be grounds for disciplinary action.
- D. Non-exempt employees who are delayed in reporting for work more than sixty (60) minutes and who have not notified their supervisor of their expected tardiness may lose their right to work the balance of the workday. In addition, employees who report for work without proper equipment or in improper attire may not be permitted to work. Employees who report for work in a condition

considered not fit for work, whether for illness or any other reason, will not be allowed to work.

- E. Non-exempt employees will not be required or permitted to work any period of time before or after scheduled starting or quitting times for the purpose of making up time lost because of tardiness, unscheduled absence, scheduled absence, or any other reason if the result will be that the employee works more than forty (40) hours during the workweek.
- F. Employees must report to their supervisor before beginning work after being late or absent, give an explanation of the circumstances surrounding their tardiness or absence, and, when applicable, provide doctor certification that they are fit to return to work. The supervisor should record the information in the employee's file and forward a copy to the Human Resources Office. When appropriate, the supervisor should counsel the employee on the importance of good attendance and warn that excessive tardiness or absences will lead to discipline, up to and including termination.
- G. Employees must obtain permission from their supervisor in order to leave the City premises or the work site during hours other than for lunch. In addition, employees who are frequently away from the premises for business reasons should inform their supervisors of their whereabouts during working hours.
- H. Absences (scheduled or unscheduled) and tardiness may be considered excessive when they impede the City's ability to conduct business effectively. Any employee who is absent from work for more than twenty-five (25) percent of their scheduled hours may face disciplinary action up to and including termination.
- I. Employees who are absent from work for three (3) consecutive days without giving proper notice to the City will be considered as having voluntarily quit. At that time, the City will formally note the termination and advise the employee of the action by certified mail to the employee's last known address.
- J. Notification Procedure:
  - 1) Employees unable to be at work as scheduled must notify their supervisors each day they are absent. The employee must make the call himself and speak directly to this immediate supervisor, the Department Director, or the Department Director's designated representative.
  - 2) Employees under a physician's care may provide a physician's note to their supervisor within twenty-four (24) hours of visit and will not be requested to call daily for the period of recuperation indicated on the physician's note.
  - 3) Employees who qualify under FMLA must update their supervisors of their status at a minimum of every thirty (30) days. FMLA qualified absences are considered excused.
  - 4) Voice mail or messages with co-employees are not acceptable.

- 5) The employee must give a specific reason for absence and the expected date of return.
- 6) The employee must notify within one (1) hour of the start of his scheduled shift.
- 7) Failure to provide proper notification will be grounds for disciplinary action.

**K. Excessive Absenteeism:**

- 1) For the purpose of rating on employee performance reviews: The following scale will allow supervisors to judge employees' attendance and will serve as a reference to score the "Dependability/Attendance" competency on Police performance reviews or "Reliability" competency on Municipal performance reviews during a quarterly or annual evaluation period.
- 2) Scheduled absences will not be considered in determining if the employee's attendance meets standards.
- 3) Three (3) occurrences of tardiness or early departure = One (1) absence.
- 4) Each day of unscheduled absence will be counted one (1) for one (1).
- 5) Each incidence of unscheduled authorized absence (regardless of length) will be counted as one unless certification of FMLA has been received, at which time the absence will be considered as a scheduled absence.
- 6) For the purpose of determining the need for disciplinary action: The following scale will allow supervisors to judge employee's attendance for disciplinary reasons during quarterly or annual period of time. Attendance monitored on a three (3) month basis will be monitored for four (4) quarters following the initiation of disciplinary action. A twelve (12) month period of disciplinary action will begin on the date of the first infraction.

<b>Municipal EE's</b>	<b>Exceeds Expectations</b>		<b>Meets Expectations</b>		<b>Does Not Meet Expectations</b>
<b>3 months</b>	0		1		≥2
<b>6 months</b>	≤ 1		2		≥ 3
<b>9 months</b>	≤ 2		3		≥ 4
<b>12 months</b>	≤ 3		4-5		≥ 6

**V. CONSEQUENCES OF NONCOMPLIANCE**

- A. Failure to properly notify the appropriate supervisor for an unscheduled absence will result in no pay and may also result in disciplinary action.
- B. Employees who are rated as "Does not meet expectations" or "Performance is at an unacceptable level" on "Reliability" or "Dependability/Attendance" during their probationary period will not be offered continued employment.

- C. Full-time and Part-time Classified Employees who receive a rating below Meets Expectations or Performance Meets Acceptable Level during any rating period will receive a letter of warning.
- D. Full-time and Part-time Classified Employees who receive a rating of Does not meet expectations or Performance is at an unacceptable level during any rating period will receive a pre-disciplinary hearing.
- E. Any employee who has a continuing pattern of tardiness, leaving early, and/or unscheduled absence and who receives two pre-disciplinary hearings within a twelve (12) month period will be subject to disciplinary action up to and including termination.

## Human Resources Policies

### Section 7 – Absence from Work

<b>Policy:</b> 703 <b>Subject:</b> <i>Family and Medical Leave Act (FMLA)</i>	<b>Effective Date:</b> October 1, 1999	<b>Revised Date:</b> April 1, 2022	<b>Version:</b> 5
--	---	---------------------------------------	----------------------

**PURPOSE:** To provide basic guidelines for the use of FMLA.

---

#### V. SCOPE

- A. It is the policy of the City to grant employees leave of absences consistent with the Family Medical Leave Act. The Family and Medical Leave Act (FMLA) entitles eligible employees of the City to take job-protected leave for specified family and medical reasons, with continuation of health insurance coverage under the same terms and conditions as if the employee had not taken leave.

#### II. DEFINITIONS

- A. Serious Health Condition: Section 101(11) of FMLA defines serious health conditions as “an illness, injury, impairment, or physical or mental condition that involves inpatient care in a hospital, hospice, or residential medical care facility; or continuing treatment by a health care provider”.

#### III. EQUAL OPPORTUNITY

The City of Slidell is an equal opportunity employer. No person is to be discriminated against in employment because of race, religious creed, color, national origin, ancestry, disability, genetic information, or health factors crucial to the job, marital status, gender, age, or sexual orientation. To that end, pursuant to Policy 200: Equal Employment Opportunity, it is The City’s policy to treat everyone fairly and without discrimination regarding employment opportunities such as, but not limited to:

- Interviewing and (Re)Hiring
- Promotions and Transfers
- Performance Evaluations
- Raises and Bonuses
- Disciplinary Actions
- Terminations
- Job Assignments and Project Teams

- Development and Training

#### IV. ELIGIBILITY

F. To be eligible for leave under this policy, employees must meet all of the following requirements:

- 1) Has worked for the City of Slidell for at least twelve (12) months
- 2) Has at least 1,250 hours of service for the City of Slidell during the 12 month period immediately preceding the leave (hours of service equals actual hours work, paid and unpaid leave are not included); and
- 3) Works at a location where the City of Slidell has at least 50 employees within 75 miles.

#### V. STRUCTURE

A. Eligible employees are entitled to up to twelve (12) workweeks, four hundred eighty (480) hours of FMLA, under the “rolling” 12-month period method for the following reasons:

- 1) **The birth of a child and to bond with the newborn child within one year of birth.** The employee's entitlement to FMLA leave for birth and bonding expires twelve (12) months after the date of the birth. Birth and Bonding leave must be taken as a continuous block of leave. Both mothers and fathers have the same right to take FMLA leave for the birth of a child.
  - i. Eligible spouses who work for the same employer are limited to a combined total of twelve (12) workweeks of leave in a 12-month period.
- 2) **The placement with the employee of a child for adoption or foster care and to bond with the newly placed child within one (1) year of placement.** FMLA leave may be taken before the actual placement or adoption of a child if an absence from work is required for the placement for adoption or foster care to proceed. FMLA for this type of occurrence must be a continuous block of leave. An employee's entitlement to FMLA leave for the placement of a child for adoption or foster care expires twelve (12) months after the placement.
  - i. Eligible spouses who work for the same employer are limited to a combined total of twelve (12) workweeks of leave in a 12-month period.
- 3) **A serious health condition that makes the employee unable to perform the functions of his or her job.** An employee who must be absent from work to receive medical treatment for a serious health condition is considered to be unable to perform the essential functions of the position during the absence for treatment. An employee must provide a certification from the healthcare provider in order to qualify for FMLA under this circumstance.
- 4) **To care for an immediate family member (spouse, child, or parent) who has a serious health condition.**

1. Spouse: Spouse means a husband or wife as defined or recognized in the state where the individual was married and includes individuals in a same-sex marriage. Spouse also includes a husband or wife in a marriage that was validly entered into outside of the United States if the marriage could have been entered into in at least one state.
2. Child: Son or daughter means a biological, adopted, or foster child, a stepchild, a legal ward, or a child of a person standing in loco parentis, who is either under age 18, or age 18 or older and “incapable of self-care because of a mental or physical disability” at the time that FMLA leave is to commence.
3. Parent: Parent means a biological, adoptive, step or foster father or mother, or any other individual who stood in loco parentis to the employee when the employee was a minor. This term does not include parents “in law.”
4. In Loco Parentis: The FMLA regulations define in loco parentis as including those with day-to-day responsibilities to care for or financially support a child. Employees who have no biological or legal relationship with a child may, nonetheless, stand in loco parentis to the child and be entitled to FMLA leave. Similarly, an employee may take leave to care for someone who, although having no legal or biological relationship to the employee when the employee was a child, stood in loco parentis to the employee when the employee was a child, even if they have no legal or biological relationship.
  - a. Family members not covered by the federal FMLA include siblings, in-laws, grandparents and other extended family members unless those individuals stood “in loco parentis” to the employee when he or she was a minor. Nonfamily members can also be considered to have stood in loco parentis, which is defined as having had the responsibility of providing day-to-day care to the employee and of financially supporting the employee in his or her childhood

- 5) **Any qualifying exigency arising out of the fact that the employee's spouse, child, or parent is a military member on covered active duty or called to cover active duty status as a member of the National Guard, Reserves, or Regular Armed Forces.** Qualifying exigencies are situations arising from the military deployment of an employee's spouse, child, or parent to a foreign country. Qualifying exigencies for which an employee may take FMLA leave include making alternative child care arrangements for a child of the military member

when the deployment of the military member necessitates a change in the existing child care arrangement; attending certain military ceremonies and briefings; taking leave to spend time with a military member on Rest and Recuperation leave during deployment; or making financial or legal arrangements to address a covered military member's absence; or certain activities related to care of the parent of the military member while the military member is on covered active duty. An employee may take qualifying exigency leave for the deployment of a child of any age.

- 6) **To care for a covered service member with a serious injury or illness if the employee is the spouse, child, parent, or next of kin of the service member (military caregiver leave).** Eligible family members of both current service members and certain veterans are entitled to military caregiver leave. An eligible employee may also take up to 26 workweeks of FMLA leave in a single 12-month period. The single 12-month period begins on the first day the eligible employee takes military caregiver leaves and ends 12 months after that date, regardless of the method used by the employers to determine the employee's 12 workweeks of leave entitlement for other FMLA-qualifying reasons.

B. Vacation leave and sick leave shall be earned during paid leaves of absence. Vacation and sick leave shall otherwise not be earned during unpaid leaves of absence including unpaid FMLA.

C. For serious medical conditions requiring extended absences under FMLA:

- 1) An employee is required to use all accumulated sick, and vacation leave during such periods of incapacity concurrent with FMLA leave;
- 2) Additionally, upon expiration of paid leave benefits when applicable, the employee should apply for Long Term Disability (LTD) Insurance upon the expiration of the ninety (90) day elimination period; When the condition also qualifies under FMLA, FMLA leave will begin at the start of the period of incapacity and shall thereafter run concurrently with the ninety (90) day elimination period;
- 3) Extension requests for leaves of absence shall be reviewed on a case-by-case basis;
- 4) Transfer of annual vacation or sick leave from one employee to another employee for any reason is strictly prohibited by ordinance.
- 5) Holidays occurring during an employee's unpaid leave will be forfeited. Holidays occurring during the employee's paid leave will be paid at the same benefit level in effect during the period of time in which the holiday falls.

### **Notice and Certification:**

- A. Employees shall comply with the City's usual and customary requirements for requesting leave and shall provide the City at least thirty (30) day's notice if the need is foreseeable. When the leave is unforeseeable the employee shall give as much notice as possible. For intermittent and/or reduced schedule, the employee should schedule appointments and treatment in order to prevent disruption of the City's operations.
- B. FMLA leave is not approved until the Director of Human Resources receives medical certification from a health care provider indicating that the request is for a qualifying reason as stated above. The City may also require a second or third opinion (at the City's expense,) periodic recertification's of the serious health condition, and when leave is the result of the employee's own serious health condition, a fitness for duty report to return to work. The City may deny leave to employees who do not meet the eligibility requirements, do not provide advance leave notice or medical certification.
- C. Employees taking leave under FMLA are entitled to receive health benefits during the leave at the same level and terms of coverage as if they had been working throughout the leave. If applicable, arrangements will be made for employees to pay their share of health insurance premiums while on leave. In some instances, the City may recover premiums it paid to maintain health coverage for an employee who fails to return to work from FMLA leave.
- D. The employee's use of FMLA leave will not result in the loss of any employment benefit that accrued prior to the start of the employee's leave. Employees must first exhaust all accrued birthday leave, vacation, and sick leave before using unpaid FMLA leave for the duration of FMLA covered leave.

### **Job Restoration and Health Benefits:**

- A. The City will reinstate an employee returning from FMLA leave to the same or equivalent position with equivalent pay, benefits, and other employment terms and conditions. However, an employee on an FMLA leave does not have any greater right to reinstatement or to other benefits and conditions of employment than if the employee had been continuously employed during the FMLA leave period.
- B. Certain highly compensated key employees also may be denied reinstatement when necessary to prevent "substantial and grievous economic injury" to the City's operations. A "key" employee is a salaried eligible employee who is among the highest paid ten percent of employees. Employees will be notified of their status as a key employee, when applicable, after they request FMLA leave.

- C. Restoration of employment may be denied to any employee in the event any of the following circumstances exist:
- a. The employee would not have otherwise been employed at the time reinstatement is requested (e.g. downsizing);
  - b. The employee fails to provide a Fitness to Return to Work Certificate requested by the City.
  - c. The employee is unable to perform the essential functions of the position due to a continuing physical or mental condition.
  - d. A key employee, defined as an employee who falls in the top 10% of compensated employees and whose restoration of employment would result in substantial and grievous economic injury to the City, is not guaranteed reinstatement or restoration of employment upon return from FMLA.

**D. TAKING MORE THAN TWELVE WEEKS OF LEAVE** Ordinarily, employees who fail to return to work after exhausting their twelve weeks of FMLA leave will be subject to discharge following exhaustion of all applicable paid leave benefits. For business reasons, it is not possible to hold jobs open indefinitely.

**Other Provisions:**

- A. The FMLA does not affect any federal or state law prohibiting discrimination or supersede any state or local law or collective bargaining agreement which provides greater family or medical leave rights.
- B. Salaried executive, administrative, and professional employees of the City who meet the Fair Labor Standards Act (FLSA) criteria for exemption from minimum wage and overtime do not lose their FLSA-exempt status by using any unpaid FMLA leave. This special exception to the "salary basis" requirements for the FLSA's exemptions extends only to eligible employees' use of leave required by the FMLA.

<b>Subject:</b> <i>Military Leave</i>	October 1, 1999	January 1, 2022	4

**PURPOSE:** To define types of and eligibility for military leaves of absence under the Uniformed Services Employment and Reemployment Rights Act.

#### I. SCOPE

It is the policy of the City to provide employees who serve in the armed services with leave and benefits in accordance with USERRA, Federal and States laws and City Ordinances.

#### II. DEFINITIONS

- A. "Service in the uniformed services" and "uniformed services" shall have the respective meanings given under applicable federal law, specifically 38 U.S.C. §4303, as may be amended from time to time.
- B. "Military Leave Pay" is defined as fifteen (15) days per calendar year to be used as a wage replacement for scheduled workdays.
- C. "Voluntary Military Leave" is defined as any period of military service which is not mandated by your branch of the service but which you can volunteer to participate in.
- D. "Involuntary Military Leave" is defined as any period of military service, which is mandated, by your branch of the service which you must participate in.

#### III. EQUAL OPPORTUNITY

The City of Slidell is an equal opportunity employer. No person is to be discriminated against in employment because of race, religious creed, color, national origin, ancestry, disability, genetic information, or health factors crucial to the job, marital status, gender, age, or sexual orientation. To that end, pursuant to Policy 200: Equal Employment Opportunity, it is The City's policy to treat everyone fairly and without discrimination regarding employment opportunities such as, but not limited to:

- Interviewing and (Re)Hiring
- Promotions and Transfers
- Performance Evaluations
- Raises and Bonuses
- Disciplinary Actions
- Terminations
- Job Assignments and Project Teams

- Development and Training

#### **IV. ELIGIBILITY**

Employees taking part in a variety of military duties are covered under this policy. Such military duties include leaves of absence taken by members of the uniformed services, including active duty, reserve, or National Guard, for training, periods of active military service, and funeral honors duty, as well as time spent being examined to determine fitness to perform such service.

#### **V. STRUCTURE**

- A. The City of Slidell is committed to protecting the job rights of employees absent on military leave. In accordance with federal and state law, it is the City's policy that no employee or prospective employee will be subjected to any form of discrimination on the basis of that person's application for membership to, performance in, or any obligation to, service in the uniformed services. Specifically, no person will be denied employment, reemployment, promotion, or other benefit of employment on the basis of such actions. Furthermore, no person will be subjected to retaliation or adverse employment action because such person has exercised his or her rights under applicable law or this policy. If any employee believes that he or she has been subjected to discrimination in violation of this policy, the employee should immediately contact the Human Resource Director.
- B. It is the City's policy to comply with the minimum terms and provisions of, and to be entitled to the allowances, protections, time limitations, and notice rights provided in, the Uniformed Services Employment and Reemployment Rights Act, 38 U.S.C. § 4301, *et seq.*, and La. R.S. 29:38, *et seq.* In no event shall the reemployment rights and benefits and other employment benefits provided herein or required by applicable law be extended beyond the time required by law, including 38 U.S.C. § 4312.
- C. Except to the extent set forth below, an employee absent from his position of employment with the City by reason of service in the uniformed services under applicable law shall be deemed to be on unpaid leave of absence while performing such service. In no event shall such an employee accrue paid leave of any type during such time.
- D. Military Leave Pay is a wage replacement leave. It does not count toward hours of actual work for the purposes of calculating overtime. An employee who works an alternate schedule equivalent to their normal paid work period will not receive Military Leave Pay in addition to that work period. (e.g., an employee who works an alternate schedule during their normal days off and achieves 72 or 80 actual worked hours (depending on schedule) during a pay period will not receive Military Leave Pay in addition to the 72 or 80 actual worked hours.)

- 1) An employee, who does not work an alternate schedule, who is scheduled for Weekend duty during his normal scheduled work weekend will receive Military Leave Pay as wage replacement for the two workdays missed. If the 15 days of Military Leave Pay have been exhausted in that calendar year, then the employee may take vacation time or leave without pay.
- 2) An employee who has two-week annual training will receive Military Leave Pay for any hours needed to make up the employee's scheduled hours missed and not made up during the respective pay period (up to the maximum of Military Leave Pay). If no Military Leave Pay is available, then accrued vacation or leave without pay may be used.
- 3) An employee who volunteers for additional weekend duty or military training will receive Military Leave Pay if the employee has not exhausted their 15 days of Military Leave Pay in that calendar year. Once Military Leave Pay has been exhausted, then accrued vacation or leave without pay may be used.
- 4) For an active deployment of less than thirty (30) days, an employee may take Military Leave Pay if available. After Military Leave Pay has been exhausted, any employee required to take Involuntary Military Leave for active-duty service in the uniformed services of the United States whose military basic pay is less than his city base pay shall be paid the difference between his military basic pay and his city base pay in his regular position. The payment shall be made in the same frequency and manner as the employee's regular city pay. Any employee receiving the pay differential shall provide to the city all such documentation appropriate to ensure that the amount of the payment is accurately calculated, and any updates to same. Pay differential for active-duty military service shall not exceed 365 days for each deployment cycle. Any employee who elected to use his annual leave during active service shall not be eligible for receipt of the pay differential.

An employee taking medication shall be required to provide a copy of the physician's certification for the medication to Human Resources. No employee at any work site shall distribute, dispense, or manufacture any quantity of any controlled substance, drug, or alcohol. "Work site" means any office, building, or property (including parking lots) owned or operated by the City, or in any vehicle owned or operated (including rental and lease vehicles) by the City. "Possess" means to have either in or on an employee's person, personal effects, motor vehicle, toolboxes, and areas substantially entrusted to the control of the employee such as desks, files, and lockers.

D. Any employee convicted of a criminal drug violation shall notify the City in writing within five calendar days of the conviction. The City will take appropriate action within fifteen (15) business days of notification.

#### **IV. SUBSTANCE SCREENING**

For purpose of assuring compliance with the above, both employees and applicants for employment are subject to substance screening under the circumstances described below. "Substance Screening" means testing of, urine, breath, saliva, hair, or other substance as reasonably deemed necessary by the City to determine possession or impairment, and the completion of the Substance Screen Control Form (Control Form). An individual who has a non-negative substance screening result, i.e., above the established confirmation level, shall be deemed impaired.

##### **Applicants**

- E. Prior to being placed on the payroll, applicants will undergo substance screening as part of the post-employment offer physical examination. Refusal to submit to such screening will make it impossible to medically classify an applicant, foreclosing any further action on the application. Failure to answer each mandatory question completely and truthfully and/or a non-negative substance screening will result in the termination of the employment process. Applicants who have a non-negative substance screening result may reapply for employment five (5) years from the date of the substance screening and must successfully pass the post offer employment screening process if selected.

## **Employees**

One of the goals of our drug-free workplace program is to encourage employees to voluntarily seek help with alcohol and/or drug problems. If, an individual violates the policy the process and decision to substance screen employees will be determined by the City. Refusal to submit to screening will be considered a violation of this Policy and will result in termination. Screening will be under the circumstances described below.

### Suspected Impairment

- 1) All work crews are expected to maintain a safe work environment in which members of the group are fully capable of performing their assigned duties and do not have prohibited levels of drugs or alcohol in their systems. It is the responsibility of each member of the work crew to ensure this objective is met.
- 2) Any employee with respect to whom there is reasonable evidence to suspect that he has reported to work or is working "impaired" will be subject to medical evaluation and substance screening. The term "impaired" means under the influence of a substance such that the employee's motor senses, i.e., sight, hearing, balance, reaction, reflex behavior, or judgment, either are or may be reasonably presumed to be affected.
- 3) Management will investigate all reported incidents of alleged impairment. If it is determined that a suspected impairment situation exists, the employee will be referred for testing. Transportation to and from the testing location will be provided.
- 4) Under no circumstances will the employee be allowed to continue working or return to work until after the substance screening results are received.

### Post-Accident/Incident

- 1) The occurrence of any accident, incident, or injury requires that substance screening be performed for all employees involved or riding in a city vehicle at

the time of the accident. A substance screen will be given when employees are involved in an accident or incident, except for animal/insect bites and stings and contact with poisonous plants.

- 2) Administration of substance screening to employees who are injured should occur as soon as practical and medically appropriate after emergency medical care is provided. When an accident without injury occurs Monday through Friday before 5:00 PM the substance screening should occur immediately following the accident. When an accident occurs Monday through Friday after 5:00 pm or on the weekends the substance screening should be done as soon as the approved City of Slidell medical facility opens.
- 3) The employee will report as instructed to the approved medical facility. The employee is prohibited from driving any city vehicle or equipment until the results are received by the Risk Management Office except where the employee is a passenger in a City vehicle or a sworn police department employee. The Risk Management Office will be responsible for notifying the Department Director or Supervisor of the results. Failure to report as instructed will be considered a violation of the Substance Detection Policy or an act of insubordination and shall result in termination.

#### Random Screening of Safety, Security or Environmentally Sensitive Positions

- 1) Employees holding Safety, Security or Environmentally Sensitive Positions will be subject to non-discriminatory periodic substance screening as a term and condition of holding such positions. This means that every employee in a safety, security or environmentally sensitive position has a substantially equal chance of selection on a statistically valid basis. The testing frequency and selection process will be such that an employee's chance of selection continues to exist throughout his/her employment in these designated positions. Only those positions, the performance of which require a high degree of care and caution in execution such that any impairment would constitute a serious safety, security, or environmental hazard, including those which have decision-making accountability for safety, security, or environmentally sensitive positions, will be considered as Safety, Security or Environmentally Sensitive positions. Employees holding such jobs shall be notified upon hire or promotion.

#### Returning to Work

- 1) Employees required to undergo a physical examination as a condition of returning to work shall, as part of the physical examination, receive substance screening.

#### Inspections

Entering the City's property constitutes consent to searches and inspections. If an individual is suspected of violating the drug free workplace policy, he or she may be asked to submit to a search or inspection at any time. Searches may be conducted of all City owned property. Investigations of violations may involve law enforcement. Refusal to submit to a search or inspection will be a violation of this Policy and/or an act of insubordination and shall result in termination.

### Consequences

Employees who are terminated for a non-negative substance screening or who refuse to comply with any requirement of the drug free workplace policy shall be terminated. Police employees who are terminated under this policy will not be eligible for rehire in a law enforcement position with the city. Municipal employees who are terminated may reapply for a municipal position after three (3) years from their separation date.

### Administration

#### *Privacy*

The results of any substance screening will be considered a medical record. Medical records are stored in a locked file kept separate from personnel records.

#### *Handicaps*

The program will be administered so as not to interfere with the rights of handicapped applicants and employees.

#### *Communications*

Communicating this drug-free workplace policy to both supervisors and employees is critical to our success. To ensure all employees are aware of their role in supporting our drug-free workplace policy:

- 1) All employees will receive a written copy of the policy for signature.
- 2) The policy will be reviewed in on-boarding sessions with new employees.
- 3) The policy and assistance programs will be reviewed at safety meetings.
- 4) Employee education about the dangers of alcohol and drug use and the availability of help will be provided to all employees.
- 5) Every supervisor will receive training to help him/her recognize and manage employees with alcohol and other drug problems.
- 6) The Human Resources Office and the Risk Manager will provide advice and counsel during all phases of the administration of the Policy to

ensure consistency. All recommended appropriate corrective or disciplinary actions and follow-up testing must be reviewed by Human Resources Office prior to taking such action.

## Employee Substance Screening

### General Provisions

- 1) Testing for the presence of alcohol will be conducted by analysis of breath.
- 2) Testing for the presences of the metabolites of drugs will be conducted by the analysis of urine and hair.
- 3) The substances tested for are as listed, but not limited to: Amphetamines, Cannabinoids (THC), Cocaine, Opiates, Phencyclidine (PCP), Barbiturates, Benzodiazepines, Methadone, Methamphetamines, Tricyclic, and Alcohol.
- 4) Testing will be conducted in accordance with Substance Abuse and Mental Health Services Administration recognized methods of testing employing high quality standards.
- 5) Records of such screens will become part of the employee medical file and handled as any other medical record. Employees have a right of access upon request to such records. The City of Slidell approved medical facility should be contacted to obtain specific data beyond the reported "non-negative" finding. Such information is also subject to privacy treatment as other medical records.
- 6) Employees taking medications(s) that could/would impair work performance shall consult with medical personnel to confirm the medication and its potential effect on work performance.
- 7) The substance screening process will require the employee to reveal prescription or other medication being taken only if the screening results are non-negative. This data will be used by medical personnel to determine if such non-negative results are for valid medical reasons.
- 8) Employees who are substance screened will be informed of their results by the Department Director or supervisor. The Risk Management Office shall notify the Department Director or Supervisor. Information on the details of the screen, including what substance or substances were confirmed, will be made available upon request to the employee only by qualified medical personnel.
- 9) Employees with non-negative test results shall result in termination.

### Random Period Screening of Safety, Security and Environmentally Sensitive Positions

- 1) Employees will be allowed to drive until the results are reported. Results of the substance screening will be transmitted to the Risk Management Office by the approved medical facility. The Risk Management Office will

notify the supervisor if the results are negative. If the drug screen comes back positive, the Risk Management Office will notify the Department Director and the Human Resources Department.

- 2) Employees will be notified of their final screening results by their supervisors.
- 3) Employees who are in safety, security, or environmentally sensitive positions and who have confirmed non-negative test results will not be allowed to return to work and shall be terminated.

### Employee's Self Report

There is no requirement for substance screening in the case of an employee's self-report. An employee may self-report at any time except once an accident has occurred, impairment is suspected and confirmed by a supervisor, or a random drug screen has been activated. In these instances, an employee will no longer have the same protections that would be afforded if that employee were to self-report.

### Discovering Prohibited Substances on City Property or at the Work Site

If an employee discovers prohibited substances on City property or at the work site, or any evidence of such, the following procedures are to be utilized.

- 1) Do not touch the substance/item. Note the specific location.
- 2) Notify the supervisor, Department Director, and the Slidell Police Department.
- 3) Document the incident thoroughly. Factors such as time of day, location of discovery, description of confiscated material, employees present, etc. should be noted, as well as a detailed account of all actions taken.

### Medical Guidelines

- A. Urine Collection Procedure for Municipal post-accident, suspected impairment, and random periodic screening: The on-site personnel may administer the urine collection and shall observe the chain of custody requirements. If possible, the onsite personnel will provide confirmatory observations of employee behaviors. If the on-site test is negative no further action will be required. If the on-site test is inconclusive or non-negative, then the employee will be transported to the approved medical facility for confirmatory testing.
- B. All Police positions will report to the approved medical facility for post-accident, suspected impairment, and random periodic screening.
  - 1) When the employee arrives at the approved medical facility, positive identification must be established, such as badge, driver's license, signature, etc.

- 2) The employee fills out a Control Form. This form informs the employee of the substance screen and allows disclosure of the test results to the supervisor and Human Resources Office or Risk Management as appropriate. Failure to complete this form will prohibit the conclusion of the testing and is a violation of the Policy, which shall result in termination.
- 3) The medical personnel will explain the screening process to the employee before the results of the screening are sent to the City. This explanation should take place at the time of screening unless the individual's condition does not lend itself to a clear understanding.
- 4) The medical personnel will ask the employee to remove any unnecessary outer garments (such as coats, jackets, sweaters, etc.). All personal belongings (such as a purse or briefcase) shall remain with outer garments. The employee may keep his wallet.
- 5) The employee will wash hands prior to voiding.
- 6) The employee will then be asked to choose a sample kit and to provide his sample in the privacy of the bathroom. The sample bottle must be filled to the marker line (60 mls), and the toilet may not be flushed until the sample is delivered to the medical personnel responsible. Bleaching agent may be present in the toilet water.
- 7) Upon receiving the sample, medical personnel will ensure that the sample is filled to the line marker, indicating that sufficient sample is obtained. The minimum amount of urine required is 60 mls. If there is not enough sample, the employee must wait until another sample can be obtained of sufficient quantity to reach the marker. The employee may receive a maximum of 30 ounces of liquid to drink during the waiting interim.
- 8) After medical personnel have obtained the required sample, the employee may wash his hands. The sample must remain in the employee's sight until it is placed in the shipping box along with the chain of custody paperwork.
- 9) As the temperature of the sample is important in determining the authenticity of the sample, medical personnel will immediately record the temperature. The sample cup has a built-in temperature gauge which automatically indicates the temperature of the contents. The gauge temperature range is 88°F - 102°F; however, the acceptable range is 90.5°F - 99.8°F. If there is reason to believe that the sample has been altered, another sample will be collected as soon as is possible. Medical personnel will, in the presence of the employee, read the temperature at the time of collection and record the results on the chain of custody paperwork.
- 10) An individual may volunteer to have his oral temperature taken to provide evidence to counter the reason to believe the individual may have altered or substituted the specimen (caused by the temperature falling out of range). For example, if person is running a high fever, the

specimen could be higher than 99.9, but not higher than the individual's oral temperature.

- 11) Immediately after the specimen is collected and temperature measured, the collection person will note the color of the urine and look for any signs of contaminants.
- 12) All suspect specimens shall be sent to the lab for testing. If there is reason to believe that a particular individual may have altered or substituted the specimen, a second specimen shall be obtained immediately.
- 13) The chain of custody is a simple record showing:
  - i. Identifying information including duplicate bar codes;
  - ii. Reason for handling the sample;
  - iii. Who handled the sample; and
  - iv. Date when handling occurred.

For the chain of custody to be complete, the record must be started at the time of sample collection and continued throughout the complete testing process until final disposition of the sample. Both the medical personnel responsible for the testing procedure and the employee will, at all items, keep the sample in full view prior to being sealed and labeled into the chain of custody. In addition, medical personnel and employee being tested shall be present for the following procedures:

- i. Medical personnel shall complete the chain of custody form. Any additional information is recorded at this time.
  - ii. Medical personnel places the bottle custody seal/ID label securely on the sample container.
  - iii. The employee being tested initials the identification label on the sample for the purpose of certifying that it is the sample collected from him and that the information on the label is correct.
  - iv. The sample and chain of custody paperwork is then placed in a container designed to protect it from damage during shipment. The container is then securely sealed with the Custody Seal. This eliminates the possibility of undetected tampering.
  - v. The chain of custody form and the boxed sample are locked in the designated secured section of the medical facility until shipped to the lab for testing.
- 14) If the results from the testing laboratory indicate a non-negative result, medical facility personnel will inform the employee and obtain a list of legal substance/drugs he is presently using. The medical facility will evaluate this information regarding its impact on the testing results. If there is no impact, a non-negative result will be reported to the Risk Management Office. If there is reason to believe that the substances/medications taken are the cause for the non-negative result

from the testing laboratory, a negative result will be reported to the Risk Management Office.

- i. **Breath Analysis Procedure:** Personnel data such as name, social security number, etc. will be entered into the Breath Analysis machine by medical facility personnel and the information verified by the employee. The employee will be given a breath analysis test for alcohol detection. The procedure is to blow through a disposable tube into the Breath Analysis machine. Results are printed out; the employee signs on the printout that the results are his and is given a copy of the results. The machine is calibrated daily at the time of instrument start up.
- ii. **Blood/Saliva/Other Substance Procedure:** These substances will be collected as deemed necessary by the approved medical facility.
- iii. **Reporting Results:** After completing the sample collection and/or employee evaluation, the approved medical facility will inform the Risk Manager or Human Resources Office, as appropriate, of the employee's status. Any medical facility observation of unusual behavior should be reported to the supervisor with recommendations of work status.

*Section 8 – Personal Conduct*

<b>Policy:</b> 811 <b>Subject:</b> <i>Grievance Procedure</i>	<b>Effective Date:</b> October 1, 1999	<b>Revised Date:</b> May 1, 2022	<b>Version:</b> 6
--	---	-------------------------------------	----------------------

**PURPOSE:** To outline the process for filing a grievance.

**I. SCOPE**

It is the policy of the City that employees should have an opportunity to present their work-related complaints and to appeal management decisions through a dispute resolution or grievance procedure. The City will attempt to resolve promptly all grievances that are appropriate for handling under this policy.

**II. EQUAL OPPORTUNITY**

The City of Slidell is an equal opportunity employer. No person is to be discriminated against in employment because of race, religious creed, color, national origin, ancestry, disability, genetic information, or health factors crucial to the job, marital status, gender, age, or sexual orientation. To that end, pursuant to Policy 200: Equal Employment Opportunity, it is The City’s policy to treat everyone fairly and without discrimination regarding employment opportunities such as, but not limited to:

- Interviewing and (Re)Hiring
- Promotions and Transfers
- Performance Evaluations
- Raises and Bonuses
- Disciplinary Actions
- Terminations
- Job Assignments and Project Teams
- Development and Training

**III. STRUCTURE**

A. An appropriate grievance is defined as an employee's expressed dissatisfaction concerning any interpretation or application of a work-related policy by management, supervisors, or other employees. Examples of matters which may be considered appropriate grievances under this policy include:

- 1) A belief that City policies, practices, rules, regulations, or procedures have been applied in a manner detrimental to an employee;

- 2) Treatment considered unfair by an employee, such as coercion, reprisal, harassment, or intimidation;
  - 3) Alleged discrimination because of race, color, sex, age, religion, national origin, marital status, or disability; and
  - 4) Improper or unfair administration of employee benefits or conditions of employment such as scheduling, vacations, promotions, retirement, holidays, salary, or seniority.
- B. Employees should notify the City, in a timely fashion, of any grievance considered appropriate for handling under this policy. The grievance procedure is the exclusive remedy for employees with appropriate grievances. As used in this policy, the terms "timely fashion," "reasonable time," and "promptly" generally will mean five (5) working days.
- C. The grievance procedure has a maximum of three (3) steps, but grievances may be resolved at any step in the process. Grievances are to be fully processed until the employee is satisfied, does not file a timely appeal, or exhausts the right of appeal. A decision becomes binding on all parties whenever an employee does not file a timely appeal or when a decision is made in the final step and the right of appeal no longer exists.
- D. Employees who feel they have an appropriate grievance should proceed as follows:
- 1) Step One - Promptly bring the grievance to the attention of the immediate supervisor. If the grievance involves the supervisor, then it is permissible to proceed directly to step two. The supervisor is to investigate the grievance, attempt to resolve it, and give a decision to the employee within a reasonable time. The supervisor should prepare a written and dated summary of the grievance and proposed resolution for departmental file purposes and forward a copy to Human Resources.
  - 2) Step Two - Appeal the decision to the Department Director, if dissatisfied with the supervisor's decision, or initiate the procedure with the Department Director if Step One has been bypassed. Such an appeal or initial complaint must be made in a timely fashion using the written form provided for this purpose located on the last page of this policy. The supervisor's version of the grievance and decision will then be submitted using a similar written form. The Department Director will, in a timely fashion, confer with the employee, the supervisor, and any other members of management considered appropriate; investigate the issues; and communicate a decision in writing to all the parties involved.
  - 3) Step Three - Appeal an unsatisfactory Department Director decision to the Chief of Staff. The timeliness requirement and procedures to be followed are like those in Step Two. The Chief of Staff will take the necessary steps to review and investigate the grievance and will then issue a written, final, and binding decision.

- 4) If the employee is dissatisfied with the decision made by the Chief of Staff, the employee, as a City worker and a citizen, may request a meeting with the Mayor. It is at the Mayor's sole discretion whether to grant such a meeting.
- E. The Human Resources Office will provide training and support to supervisors and Department Directors in dealing with employee grievances. In addition, employees should be encouraged to consult with the Human Resources Office, their supervisors, on a less formal basis, regarding employee complaints or disputes when appropriate.
  - F. Final decisions on grievances will not be precedent-setting or binding on future grievances unless they are officially stated as City policy and approved by the Chief of Staff. When appropriate, the decisions will be retroactive to the date of the employee's original grievance. All documents related to a grievance should be maintained in the Human Resources Office.
  - G. Information concerning an employee grievance is to be held in confidence. Supervisors, Department Directors, and other members of management who investigate a grievance are to discuss it only with those individuals who have a need to know about it or who are needed to supply necessary background information or advice.
  - H. Time spent by employees in grievance discussions with management during their normal working hours will be considered hours worked for pay purposes.
  - I. Employees are not to be penalized for proper use of the grievance procedure. However, it is not considered proper use if an employee raises grievances in bad faith or solely for the purposes of delay or harassment, or repeatedly raises meritless grievances. Implementation of the grievance procedure by an employee does not limit the right of the City to proceed with any disciplinary action, which is not in retaliation for the use of the grievance procedure.
  - J. The City may, at its discretion, refuse to proceed with any complaint it determines is improper under this policy. There will be no coercion, discrimination, or reprisals against any employee for filing a grievance.
  - K. If a grievance is settled verbally with the immediate supervisor at Step One, a written record is not mandatory; however, a memorandum of record of the grievance is advisable. This form must be used for Step Two and Step Three.

#### **IV. CONSEQUENCES OF NONCOMPLIANCE**

Violations of this policy, regardless of whether an actual law has been violated, will not be tolerated. The City will promptly, thoroughly, and fairly investigate every issue that is brought to its attention in this area and will take disciplinary action, when appropriate, up to and including termination of employment.

*Section 8 – Personal Conduct*

<b>Policy:</b> 812 <b>Subject:</b> <i>Social Media</i>	<b>Effective Date:</b> October 1, 1999	<b>Revised Date:</b> May 1, 2022	<b>Version:</b> 5
---	---	-------------------------------------	----------------------

**PURPOSE:** To provide guidelines related to social media use and outline the City’s perspective.

**I. SCOPE**

It is the policy of the City that (i) its social media accounts be used in a responsible manner only by authorized City personnel and (ii) City employees do not participate in social media in a manner that would violate the restrictions set forth herein or those found in other City policies. This policy is not intended to restrict communications or actions protected or required by state or federal law.

**II. EQUAL OPPORTUNITY**

The City of Slidell is an equal opportunity employer. No person is to be discriminated against in employment because of race, religious creed, color, national origin, ancestry, disability, genetic information, or health factors crucial to the job, marital status, gender, age, or sexual orientation. To that end, pursuant to Policy 200: Equal Employment Opportunity, it is The City’s policy to treat everyone fairly and without discrimination regarding employment opportunities such as, but not limited to:

- Interviewing and (Re)Hiring
- Promotions and Transfers
- Performance Evaluations
- Raises and Bonuses
- Disciplinary Actions
- Terminations
- Job Assignments and Project Teams
- Development and Training

**III. STRUCTURE**

A. The City recognizes that the internet provides unique opportunities to participate in interactive discussions and share information on topics using a wide variety of social media, such as Facebook, LinkedIn, Twitter, Instagram, Pinterest, Tumblr, blogs, wikis, and other such platforms—with additional social media platforms sure to develop in the future. However, employees' use of social media can pose risks to the City’s confidential and proprietary

information, reputation, and brands, can expose the City to discrimination and harassment claims, and can jeopardize the City's compliance with applicable law.

- B. To minimize these business and legal risks, to avoid loss of productivity and distraction from employees' job performance, and to ensure that the City's IT resources, and communications systems are used appropriately, the City expects its employees to adhere to the following guidelines and rules regarding social media use.
- C. The Mayor or his Chief Administrative Officer will determine who is responsible for creating, posting, commenting, and communicating with the public through social media on behalf of the City, its agencies, and departments; except that with respect to social media platforms of the Slidell Police Department, that determination shall be made by the City's Chief of Police. No employee shall post on a City-run social media platform, or represent, suggest, or insinuate that he/she is posting on behalf of the City (including by use of images or videos with City insignia), unless expressly authorized per the foregoing, nor shall any individual agency or department of the City maintain a social media account unless authorized per the foregoing.

This policy shall not be construed, however, to prohibit a City employee from sharing official City communications on his/her social media platform or from identifying his/her affiliation with the City on a social media platform, so long as the employee otherwise complies with the policies set forth herein. In the case of doubt and when not otherwise authorized to speak on behalf of the City, an employee should clarify that his/her social media posts/positions are his/her own and not those of City.

- D. Social media, whether through City accounts, personal accounts, or third-party accounts, should never be used by employees in a way that violates any other City policies or employee obligations. If your social media activity would violate any of the City's policies in another forum, it would also violate them in an online forum. For example, employees are prohibited from using social media in a manner that would:
  - 1) Violate City policies regarding harassment, including harassment based on race, religious creed, color, national origin, ancestry, disability, genetic information, pregnancy, military status, marital status, gender, age, or sexual orientation;
  - 2) Violate City policies regarding fraternization;
  - 3) Violate City policies regarding security in and at the workplace, including the security of persons, property, information systems, and passwords;
  - 4) Violate City policies regarding the behavior of employees and ethics laws applicable to employees; or

- 5) For civil service employees, violate policies restricting certain political activity.

Further, employees are prohibited from using social media in a way that is disruptive to the work environment because it impairs workplace discipline or control, impairs, or erodes working relationships, creates dissension among coworkers, interferes with job performance, or obstructs operations of the City, its agencies, or departments, or has the potential to do so. Similarly, employees are prohibited from using social media to (i) knowingly or recklessly disseminate false information; (ii) disseminate, subject to applicable law, confidential information of the City; or (iii) disseminate obscene materials. Employees should be mindful that “liking”, “sharing”, “retweeting”, and similar online social media actions can convey support or opposition for a matter in the same way a direct comment or post may convey support or opposition.

- E. Personal use of social media is not permitted during working time by means of the City’s computers, networks, and other IT resources and communications systems. Employees are reminded that the City’s IT resources, and communications systems are the property of City. Therefore, employees have no expectation of privacy in any message, files, data, document, facsimile, telephone conversation, social media post, conversation or message, or any other kind of information or communications transmitted to, received, or printed from, or stored or recorded on the City’s electronic information and communications systems.
- F. Violation of this policy may result in disciplinary action, up to and including termination of employment.

#### **IV. CONSEQUENCES OF NONCOMPLIANCE**

Violations of this policy, regardless of whether an actual law has been violated, will not be tolerated. The City will promptly, thoroughly, and fairly investigate every issue that is brought to its attention in this area and will take disciplinary action, when appropriate, up to and including termination of employment.
