Staff Report

Case No. DEXCP 2025-0001

Design Exception for Required Building Layout for Residential
Construction at **386 Robert Blvd**

985.646.4320 | 250 Bouscaren St, Ste 203, Slidell, LA 70458 | planningdept@cityofslidell.org | myslidell.com

Location: 386 Robert Blvd (**Figure 1**)

Owner: First Pentecostal Church

Applicant: ECO Builders Inc

Zoning: C-2 Neighborhood Commercial

Request: Design Exception from Sec. 3.2 Residential Design Standards

OTPC Meeting: 7/12/2023

PC Meeting: 7/17/2023

CURRENT CONDITIONS

1. The property at 386 Robert Blvd is zoned C-2 Neighborhood Commercial. (**Figure 2**). After a fire destroyed the Parsonage Residence associated with the Church in December 2024, plans were submitted for its reconstruction identifying primary entrance facing the center of the property. Applying the Residential Design Standards to this commercially zoned property creates the need to have primary entrances and windows facing the front of the property (Robert Blvd).
2. Owner and applicant are requesting an exception from Section 3.2 Residential Design Standards ([Sec. 3.2, Residential Design Standards](#)), specifically, Sections 3.201(a) and 3.201(b), treating the reconstruction as commercial construction.
3. Section 3.201(a) specifically outlines “All new single- and multi-family developments with 16 units or less meet the standards of this section unless it is part of a mixed-use development in which case it shall be subject to section 3.3, commercial and mixed-use design standards.”
4. Additionally, Section 3.201(b) outlines “*Building entrances*. All single- or two-family residences and single building residential developments shall be designed such that a primary entrance and windows face a public street”.
5. Construction plans for the rebuilding of this residence have been reviewed by the Planning Director (“Director”). (**Figure 3**) The design of the previous Parsonage was with the primary entrance and parking facing the center of the property.

FINDINGS

6. As permitted in Section 3.6 of the City’s Design Standards, ([Sec. 3.601, Purpose](#)) “unique designs that do not conform to the strict requirements set forth in the standard design guidelines, but achieve a higher standard of design, or are necessary to achieve the function of the building” may be reviewed by the Planning Director for functionality of the project.

RECOMMENDATION

7. The Planning Director, after reviewing the proposed construction plans, finds the request complete and has found the proposed design is a unique and functionally dependent design.

Planning Department

Staff Report

Case No. SUBD2025-0006

Subdivision of One Parcel into Two Parcels

390 Town Center Parkway

985.646.4320 | 250 Bouscaren St, Ste 203, Slidell, LA 70458 | planningdept@cityofslidell.org | myslidell.com

Location: 390 Town Center Parkway (**Figure 1**)

Owner(s): Fremaux Town Center SPE, LLC

Applicant: Townsend Underhill

Zoning: C-4 Highway Commercial/C-4 Height Overlay

Future Land Use: Commercial (**Figure 2**)

Request: A resubdivision of Parcel 5 into Parcels 5-A and 5-B

Planning Commission: August 18, 2025

STAFF RECOMMENDATION

APPROVAL

FINDINGS

1. The petitioned property is developed land and is part of the Fremaux Town Center shopping center (**Figure 3**). It is zoned C-4.
2. Subject property is currently zoned C-4. (**Figure 1**)
3. There is public water and sewer available to all parcels (**Figure 4**).
4. The property currently has several crossing lines indicating flood zones (FIRM Panel 225205 0420 E), which include:
 - Flood Zone B
 - Flood Zone AE EL 9
 - Flood Zone AE EL 10
 - Flood Zone C

Areas designated AE are within a special flood hazard area. The land has an elevation of approximately 15 feet. Creating new parcels within the subject property into smaller parcels would not impact future development of the property. (**Figure 5**)
5. The applicant proposes to subdivide Parcel 5 of the original Fremaux Town Center Subdivision creating a new parcel, Parcel 5-B, containing 2.799 acres, and designating the remanent as Parcel 5-A containing 31.375 acres. (**Figure 6**)
4. The Planning Department recommends approval.
