BACKGROUND

In 2010, the St Tammany Hospital Services District No. 2, dba Slidell Memorial Hospital (SMH), proposed new construction at the hospital campus which included expansion of the Emergency Room, Outpatient Care, and patient rooms. With this expansion, the City approved the revocation of 12th Street between Gause Boulevard and Florida Avenue via Ordinance 3594 as shown in Exhibit A. The expansion also included necessary parking lot areas which would be located along 11th Street eastward toward the newly revoked 12th Street.

In cooperation with the City, the Hospital created a Fitness Park on the west side of 11th Street for Brugier residents, hospital staff and patients use at what is now addressed as 1353 11th Street. (**See Exhibit A**)

The area streets surrounding and crossing the hospital campus – Gause Boulevard, 11th Street, 14th Street, Broadmoor Street, and Florida Avenue provide commercial and destination specific traffic for the hospital and its ancillary buildings within the area.

SMH has planned a new expansion of the Emergency Room with construction anticipated for late 2026. This new construction will need to expand into the existing parking area located at the northeast corner of 11th Street at Florida Avenue. SMH has identified a substantial need for additional patient, visitor and employee parking. A new parking lot was developed on the southeast corner of Florida Avenue and 11th

Street, at 989 Florida Avenue, and an expanded paved parking lot is proposed for the SMH property east of 14th Street.

SMH proposes the construction of a stand-alone parking lot at 1353 11th Street, re-subdividing and incorporating 834 Florida Avenue and 842 Florida Avenue as part of this parking lot located to serve the expanded Emergency Room operations.

SMH proposes relocating the Fitness Park to their tree shaded property along Broadmoor Street. Currently, no formal plan or layout has been provided.

On any given day, the hospital has approximately 109 Emergency Department visits, 80 patient procedures, 180 patients in hospital rooms, and 1,050 clinic and outpatient visits. Staff within the hospital in a 24-hour period include: Dayshift = 500+; Nightshift = 200+. As of this date, Planning does not have a full parking count for parking on, adjacent, or within a 3-block area for the hospital's use.

FINDINGS

1. The subject properties of this rezoning request are shown in **Figure 3**, and are:
 - 1353 11th Street, currently zoned SPR – Parks & Recreation and developed as the Fitness Park;
 - 834 Florida Avenue, currently zoned RSF – Residential Single Family and developed with one dwelling unit slated for demolition.
 - 842 Florida Avenue, currently zoned RSF – Residential Single Family and developed with one dwelling unit slated for demolition.
2. The proposed zoning of SCI – Civic & Institutional is to allow for the re-subdivision and redevelopment of these properties as part of the expansion of the Hospital's parking capacity as an allowed use. The requested SCI zoning district allows for standalone parking lots, which must comply with Articles 8 and 9 of the UDC.
3. Zoning and uses of property within 300 feet of the subject properties are as follows (**Figure 4**):
 - To the north and along 11th Street: MU3 – Community Mixed Use; an existing single-family residence accessed via 11th Street and existing commercial development on properties accessed via 11th Street, Gause Boulevard, and 10th Street.
 - To the east and across 11th Street: SCI – Civic & Institutional; Hospital, Medical Office Building and parking accessed from 11th Street, Gause Boulevard, 14th Street, and Florida Avenue.
 - To the south and across Florida Avenue: RSF – Residential Single Family; single-family dwellings accessed via Florida Avenue, 10th Street, 11th Street, and Michigan Avenue.
 - To the west: MU3 – Community Mixed Use, and RSF – Residential Single Family; existing commercial development accessed via 10th Street, existing single-family dwellings accessed via 10th Street and Florida Avenue.
4. Comparing the uses allowed in RSF and SPR to SCI is an intensification. When this occurs, at a minimum the Unified Development Code (UDC) requires an evergreen landscape buffer and opaque fencing along adjacent property boundaries between SCI and properties with lower intensity uses to mitigate potential impacts from vehicular traffic, noise, odors, and lighting.
5. The Applicant, City Attorney, District C Councilmember, and community members have negotiated a variation of the applicant's request; instead of expanding the parking throughout all lots in the affected parcels, the compromise solution proposed is to locate the parking on the fitness park parcel and to relocate the fitness park onto the 834 and 842 Florida Avenue parcels, with expanded buffering and fencing requirements. (**Figure 5**) This requires a modification of the rezoning request to rezone

1353 11th Street from SPR to SCI Civic & Institutional, and rezone 834 Florida Avenue, and 842 Florida Avenue from RSF to SPR Parks & Recreation.

STAFF RECOMMENDATION

The Planning Department recommends approving the amended rezoning request for the following reasons:

- Greater Slidell and eastern St Tammany Parish continue to grow; SMH/Ochsner will need to expand to meet the growing medical needs of the City and region.
- Higher intensity uses allowed in SCI are already required to include buffering measures along shared boundaries with lower intensity (residential) development adjacent to the property. SMH has recently constructed a parking lot at 989 Florida Avenue which meets the requirements of Articles 8 and 9.
- Designation of 834 Florida Avenue and 842 Florida Avenue to SPR will provide long term zoning protection of the relocated park area.
- With construction of expanded parking along 14th Street for SMH (staff, visitors, doctors, nurses, etc.), traffic impacts to the adjacent areas will be minimized due to the availability of ample parking and a focused use of the proposed 11th Street parking lot for the Emergency Department expansion.
- The concept plan as present in the SMH 11th Street Parking exhibit (Figure 5) will need to be revised to include two means of ingress/egress to the parking lot, in addition to meeting all code requirements.

6 **ORDINANCE NO. 3594**

7 An ordinance conditionally revoking the right of way of 12th Street from Gause
8 Boulevard to Florida Avenue at the request of Slidell Memorial Hospital.
9

10 WHEREAS, St. Tammany Parish Hospital Service District No. 2 d/b/a Slidell
11 Memorial Hospital (SMH) has requested a revocation of the 12th Street right of way from
12 Gause Boulevard to Florida Avenue in order to accommodate improvement of emergency
13 services; and
14
15

16 WHEREAS, the City desires to work with SMH to facilitate improvement of
17 emergency services to Slidell citizens and residents of the surrounding area; and
18
19

20 WHEREAS, the City further desires to accommodate the interests of the
21 residents of Brugier subdivision insofar as expansion of SMH and buffering it activities
22 from Brugier is concerned; and
23
24

25 WHEREAS, in a letter dated July 19, 2010, SMH committed to demolish
26 certain residential structures on 11th Street and to construct and maintain a "Fitness Park"
27 on those residential properties; and
28
29

30 WHEREAS, SMH also committed to construct and maintain an 8 foot privacy
31 fence along the said residential properties; and
32
33

34 WHEREAS, the Slidell Planning Commission has favorably recommended
35 that the revocation be granted.
