

1 Introduced March 10, 2009, by Councilman  
2 Hursey, seconded by Councilman Hicks  
3 (by request of Administration)

4 **RESOLUTION R09-07**

5  
6 A resolution in support of rehabilitating various sewer system mains for the  
7 purpose of reducing infiltration and inflow.

8 WHEREAS the City of Slidell, Louisiana ("City") is in need of a project to  
9  
10 rehabilitate various sewer system mains for the purpose of reducing infiltration and inflow;  
11  
12 and

13 WHEREAS loans and/or grants for this project may be available through the  
14 State Revolving Fund loan program operated by the Louisiana Department of  
15 Environmental Quality.  
16

17  
18 NOW THEREFORE BE IT RESOLVED, by the Slidell City Council that:

19  
20 Section 1. Mayor, Ben O. Morris, is hereby authorized to submit a pre-  
21 application to the Department of Environmental Quality on behalf of the City for the  
22 purpose of placing this project on the Project Priority List for funding through the State  
23 Revolving Fund loan program;  
24

25  
26 Section 2. Mayor Morris is further authorized to furnish such additional  
27 information as may reasonably be requested in connection with the pre-application; and,  
28

29  
30 Section 3. Donna O'Dell, City Engineer is hereby designated as the Official  
31 Project Representative for the City for any project that may result from the submission of  
32 the pre-application.

## MEMORANDUM

Date: February 27, 2009  
To: Bob Dunbar, Chief of Staff *T.T.H.*  
From: Donna O'Dell, Director of Engineering *DO*  
Re: State Revolving Loan Fund Pre-Application  
Slidell File No. 300-87

Attached please find resolutions for four pre-applications requesting LaDEQ State Revolving Loan Fund/ Stimulus Package grant money. These resolutions are required before the Mayor can sign the preapplications. This funding is earmarked for wastewater projects which will be ready for construction within approximately 120 days. The four projects being submitted are:

1. Repair/ replacement of sewer lines to reduce infiltration & inflow. This is a continuation of our ongoing effort to fix our aging sewer collection system. Prior to Katrina, we had yearly I/I projects.
2. Rehabilitation of five sewer pump stations from the previously designed FY07 sewer pump station rehab project. There were eight stations in that design; however, only three of those have funding for construction.
3. Rehabilitation of three sewer pump stations from the previously designed FY09 sewer pump station rehab project. There were five stations in that design; however, only two of those have funding for construction.
4. Upgrade of two sewer pump stations in the mall area – the pump station by Burger King and the big station southeast of Northshore mall. Currently, there are occasional sewer overflows and backups due to the high degree of development served by these stations since they were designed. Therefore, upgrading these stations is critical.

My intent is to include these resolutions on the March 10, 2009 council agenda, to expedite submission of all four preapplications to LaDEQ. Once DEQ receives the preapplications, they prioritize the projects submitted, then notify us of our priority rating and potential funding opportunity. The pre-application does not obligate the City to accept these funds.

cc: Sharon Howes, Finance Director
