13
14

15 A resolution requesting the Administration proceed in
16 acquiring pricing information and data regarding the Insituform
17 pipeline repair process for use in the City of Slidell.
18

19 WHEREAS, the serious situation of a growing number of
20 "sink holes" occurring on drainage lines exists throughout the
21 City of Slidell; and
22

23 WHEREAS, the conventional methods used to address this
24 problem have proven to provide short term results at best, and we
25 must investigate and consider some better process by which to
26 correct this problem; and
27
28

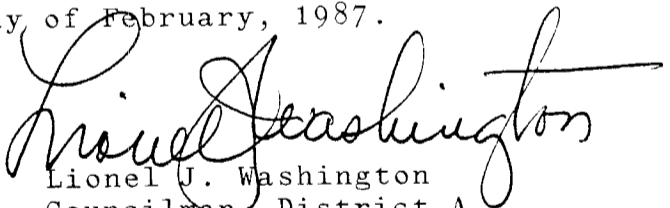

29 WHEREAS, the new and innovative method of Insituform is
30 now available in South Louisiana.
31
32

33 NOW, THEREFORE, BE IT RESOLVED that the Slidell City Council
34 hereby requests the Administration proceed in pursuing pricing and
35 time data on this Insituform process so that we may determine the
36 feasibility of using same.
37
38

39 BE IT FURTHER RESOLVED that this Council asks expediency
40 in complying with said request considering the seriousness of the
41 "sink hole" situation.
42
43

44 ADOPTED this 10th day of February, 1987.
